Here they have chosen to take down the wall to the kitchen for an open modern floor plan. The kitchen is spacious and fully equipped with fridge / freezer, oven, dishwasher and water filter that filters water throughout the home to also save on the machines. From the kitchen you have access to a patio (storage room) that has a roof with ventilation hatches and a raised floor so everything is on the same level throughout the home. Here you have space for bicycles and miscellaneous items as you wish and that the washing machine that also have a dryer built in is here. The two spacious bedrooms are located to the right of the living room and offer you space for a double bed in each. There are built-in wardrobes and are separated by the nice bathroom with shower cabin and window and built-in fan, perfect for ventilation.
